The classification above is the US export line. Destination customs authorities classify independently, and we will support an advance or binding ruling where one is available.

ADAPTATION TO MARKET REQUIREMENTS

Several markets restrict or penalise beverages containing added distilled spirit, or impose ceilings on alcoholic strength that this product's standard specification exceeds. Alternative formulations and market-specific labeling, including foreign-language back labels and mandated health warnings, can be produced. Tell us the requirement and we will tell you plainly whether we can meet it.
